## AMENDMENTS TO THE CLAIMS

- 1-69. (CANCELLED)
- 70. (CURRENTLY AMENDED) A method comprising:

  accessing stored account data associated with a financial account, the stored account data including an account identifier that is associated with the financial account;

<u>determining generating</u>, by a computer, a certificate identifier <u>corresponding</u> to the financial account <u>linked to an account identifier that is associated with a financial account</u>, said certificate identifier being different from said account identifier;

assigning in a database, by the computer, the corresponding certificate identifier to the financial account for identifying the financial account;

producing a gift certificate including thereon said <u>corresponding</u> certificate identifier,

said gift certificate not including said account identifier; and distributing said gift certificate to an owner of said financial account.

- 71. (PREVIOUSLY PRESENTED) The method of claim 70 wherein the financial account identifier cannot be discerned from the gift certificate identifier by a third party.
- 72. (PREVIOUSLY PRESENTED) The method of claim 70, further including the steps of:

receiving an indication of a gift certificate redemption; and updating stored account data to reflect the redemption.
